### LIMITED REVIEW REPORT

1. We were engaged to review the accompanying statement of unaudited financial results of **JVL Agro Industries Limited**(the "Company") for the Quarter ended on 30<sup>th</sup> June, 2019 (the "Statement") being submitted by the Company pursuant to the requirement of Regulation of 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended (the Listing Regulations).
2. The preparation of the Statement in accordance with the recognition and measurement principles laid down in Indian Accounting Standard 34 "Interim Financial Reporting" (Ind AS 34) prescribed under section 133 of the Companies Act, 2013 read with Rule 3 of Companies (Indian Accounting Standards) Rules, 2015 and other accounting principles generally accepted in India, is the responsibility of the Company's Management under the direction of Liquidator and has been approved by the Liquidator with Key Managerial Personnel of the Company. Our responsibility is to express a conclusion on the statement based on our review.
3. We conducted our review in accordance with the Standard on Review Engagement (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This standard requires that we plan and perform the review to obtain moderate assurance as to whether the financial statements are free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.
4. **Basis for Disclaimer of Conclusion**
  - a) We would like to draw your attention to Notes 3 of accompanying statement of unaudited financial results for the Quarter ended on 30<sup>th</sup> June, 2019 (hereinafter referred to as 'the Statement'). Application filed by the financial creditor against the Company for initiation of Corporate Insolvency Resolution Process as per the Insolvency & Bankruptcy Code, 2016 was admitted by National Company Law Tribunal (NCLT), Allahabad Bench with effect from 25.7.2018. Interim Resolution Professional and thereafter, Resolution Professional was appointed and affairs of the Company were managed by Resolution Professional. Resolution Professional filed liquidation application before NCLT and liquidation order was passed by NCLT on 19<sup>th</sup> August, 2020. It has cast a significant doubt on Company's ability to continue as a going concern. Even Financial Statements have been claimed as made **not on going concern basis**, however, assets and liabilities (except certain investments) have been still accounted for at historical cost in the books of account and no fundamental change in the basis of accounting observed during the period under review, therefore, we are not able to comment its impact, if any, on the Statement.
  - b) We would like to draw your attention to Finance Cost of Rs.0.07 crore. The Company has skipped to book interest expenses in the books of account in case of most of the bank loan accounts in the period under review. Had these bank interest been recorded for, expenses and losses would have increased. Since we are not having complete bank statement of all the loan accounts we are unable to quantify the same.
  - c) There is an old credit balance of Rs.4.67 crores in bank suspense account treated as trade receivable in Financial Statement. No explanation provided for the said balance and it is still unexplained. Therefore, we are not able to comment on its impact, if any, on the Statement due to unavailability of proper documents, information and explanations from the management.

- d) We would like to draw your attention to Cost of Material Consumed of Rs.61.31 cores and Changes in Inventories of Rs.13.60 crores during the period under review. As per the Company's policy, inventories except scrap should have been valued at lower of cost and net realizable value. During the review, it has been observed that raw material and packing material has not been valued at weighted average cost. Finished goods of certain items have been valued at average sale rate whereas certain other items of finished goods have been fully written off. Item wise working of net realizable value in any case was not made available to us. Writing off inventory has been made by affecting raw material consumed account. Purchase of raw material is the derived figure of raw material consumed and taking difference of opening and closing stock of raw material. No quantitative details of spare parts in any case has been provided. Further, unit wise value of finished goods and work in progress as per SAP is not matching with the unit wise value of finished goods and work in progress provided during review. Daily quantity records of inventory were not made available to us. We are not able to comment on valuation as well as quantitative details of inventories, cost of material consumed and purchase of raw material reported due to unavailability of proper documents, information, explanations and reconciliations from the management.
- e) As the Company is under liquidation, further impairment, if any, in the realizable value of the assets of the Company cannot be determined.

**5. Disclaimer of Conclusion:**

In view of the cumulative impact and significance of the matters described in the Basis for Disclaimer of Conclusion Section of our Report and in absence of sufficient appropriate audit evidence to provide a basis for a conclusion we are unable to comment as to whether the accompanying statement of unaudited financial results contains any material misstatement or not. However, these are presented in accordance with the requirements of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, read with SEBI Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019.
